VIT BHOPAL UNIVERSITY

VIT Bhopal University, envisioned with a new global outlook aims at empowering its students to attain excellence through learning. It is located at the heart of India and is led by our Founder and Honorable Chancellor Dr. G Viswanathan and is the first private university in India with 100% Doctoral faculty. CALTech (Collaborative and Active Learning through Technology) is our method of bringing in all-round development in our students. Along with this, various technical, non-technical and cultural clubs enhance the social and creative skills of our students.

VIT BHOPAL BUSINESS SCHOOL

Business School at VIT Bhopal University aims to prepare young minds with a positive attitude for exceptional performance, committed service and a great future. We enhance the holistic development and social responsibility in students by encouraging them to participate in community development initiatives.
